

Position: Product Manager

Hiring Manager(s): Head of Marketing / CEO

Company: Precisis GmbH

Location: Heidelberg, Germany

Our offer:

- Unique opportunity to take responsibility and move things forward
- Be part of our dynamic, multidisciplinary, highly skilled team
- Possibility to grow with team and company
- Chance to make a difference to the lives of patients with chronic diseases
- Competitive salary

Company Overview:

Precisis is a well-funded startup developing neuromodulation technologies, focused on functional brain diseases like epilepsy and neuropathic pain. Distinct advantages over current available technologies in the market as minimal invasiveness and precise targeting of stimulation therapy for patients are the foundation of Precisis' projects. A first product, the EASEE System, is currently in clinical evaluation and will be launched in 2022.

Our team of 20 is made up of experienced and entrepreneurial-minded individuals that have a common goal of bringing to the market next generation neuromodulation solutions.
